We offer unique experiences – clean air, clean sky, magnificent stars at night, dinner in a farm paddock, farm tours, garden tours, picnics, museums, country towns as they always were; seeing wildlife and farm animals, and the experience of a warm and friendly Australian country welcome in Dalby.

All this, a world you have never seen and can enter with our help, is within a short bus trip from Brisbane and Surfers Paradise or an easy plane trip from Sydney or Melbourne.

Australian Country Tours organises tours for tour groups. We organise an inside look into the Australian country, farms and lifestyle. It is very different from the cities, but easily accessible.

Let us show you things about Australia that you will never forget.
